East Anglia District
Safeguarding Report
Synod September 2019

GOOD PRACTICE
TRAINING
SAFEGUARDING

The first Trainers' Forum in June was a great success and proved really useful. It was a very practical session, thinking about preparing ourselves for training sessions.

The next trainers' forum is on **Saturday 2nd November** at Thetford, 10:00-12:30. Booking link on the website.

District Safeguarding Audits

All the Audits have been returned now; thank you to everyone who worked so hard to get them completed! They do give us an understanding of where safeguarding sits in the District. Superintendents and Circuit Safeguarding Officers are meeting with Jane to look at the results, identify some really good practice and see where we can give additional support and training in the coming months.

Website

There is so much going on in the District all the time—please keep up to date via the website. There are links to documents and forms and booking details for training and forums.
